### Patriotic Meeting

At a largely attended meeting at the opera house last night it was decided to form a branch of the Canadian Patriotic Fund in Blairmore. The meeting was addressed by Hon. W. A. Buchanan, of Lethbridge, who briefly outlined the objects of such an association and the urgent necessity of such a movement.

JAMES W. Gresham was unanimously elected president of the local organization. In accepting the office, Mr. Gresham spoke favorably of the forming of a branch of the Imperial Order of Daughters of the Empire.

C. E. F. Hiscox was elected secretary, and T. B. George treasurer. The following were appointed a committee to look after the work: F. M. Philpott, H. H. Tait, Rev. M. Petruquin, Rev. R. Benton, Mayor Lyon and Rev. J. F. Hunter.

Following this meeting came a patriotic programme, including speeches, songs and music.

President Gresham occupied the chair and introduced Rev. F. Hunter as the first speaker of the evening. He dwelt at length upon the righteous purpose of England and her allies and upon our duty to the families dependent upon those who have gone to the front to fight for freedom, righteousness and peace. He declared that Canadians will stand by the friends of their sisters and that none shall want.

The next speaker was Rev. W. T. Young, now of Frank, but formerly from the County of Cork, Ireland. He told prouud of the fact of his being a British subject, even though coming from Ireland. Mr. Young's remarks were brief and interesting. He reminded us of the fact that Germany must be regarded as a great nation, as a leader in scientific research and education.

Other local speakers included Rev. M. Petruquin, Belgian missionary of the Presbyterian church; Rev. M. Beaton, of Frank Catholic church, and Rev. W. H. Muncaster, while Mayor Lyon, Mayor Ouimet and Alex. Cameron, of Coleman, Councillor Dutil and others occupied positions on the platform.

The speaker of the evening was Hon. W. A. Buchanan, member for Medicine Hat in the Federal House. Interest was centered in Mr. Buchanan's remarks. He dwelt upon the circumstances which led to this great European struggle, and the reasons why England and her colonies are at war. He felt that we should respect Germans who have become British subjects and who are opposed to the tactics of the Emperor of their native land. He stated how that England and her allies put forward every effort to avoid an international conflict, while Germany on the other hand would have war. Victory, he stated, will come to the allies, but that he desired to bring about that end we must sacrifice our manhood and honour.

We must do our honourable share to assist if not by going to the front, by assisting those dependent upon those who have gone. He felt that Canada was as much at war as Great Britain itself, and the fact that French Canadians and peoples of other tongues are anxious to assist Great Britain and her allies in the greatest struggle the world has ever known speaks for the sympathy held with England's fight for the cause of righteousness and freedom.

The following took part in the programme:

The Misses Williams (2), Mr. Arthur Williams, Mr. and Mrs. Raoul Green, Sam Paton, Robert Dicken, Mr. Beer, Miss Mc-

### And This in a Civilized Country!

The editor of the Coleman Bulletin is responsible for the following statement:

"There appears to be a lot of people in Blairmore who like Coleman, or anything that emanates therefrom, about as much as the devil likes holy water."

### Southern Hotel Re-opens

Thursday of last week marked the re-opening of the renovated Southern hotel, at Bellevue, under the management of Mrs. Rudd.

For the past few weeks a large number of workmen have been constantly employed putting the building in first-class shape. Every nook and corner has been thoroughly cleaned, old bedding replaced by new, carpets and linoleum laid, painting and papering done, and the heating system thoroughly overhauled and brought to a high state of efficiency.

Perhaps the most noticeable feature is the kitchen, which, under the able superintendence of Mr. Jack Rudd, has been turned inside out and now stands as a model of cleanliness and up-to-the-minute methods. Your correspondent has had the pleasure of eating Mr. Rudd's cooking in the Washington Hotel at Seattle, and cannot speak too highly of its excellence.

It is expected that a license will be secured and the bar opened in a short time.

### Hillcrest Relief . . . Permanent

A sitting of the Hillcrest Relief Commission was held at the Court House in Macleod on Wednesday, J. M. Windsor of Bellevue, the treasurer, and W. C. Bryan, the secretary, were present. It was reported that the \$50,000 contribution from the Federal government had been received. The relief has been placed on a permanent basis. In the future monthly payments will be made to the dependents in Canada and Great Britain.

It is often caused by indigestion and constipation, and quickly disappears when Chamberlain's Tablets are taken. For sale by all dealers.

Misses Hughes and McLaren, representing the Winnipeg Post, were canvassing in The Pass on Tuesday and Wednesday.

A 20-round boxing match is being staged at Trail, B. C., tonight between our old reliable Dick Marshall, the middleweight champion of the Crown's Nest Pass, and Cyclone Scott of Victoria, middleweight champion of the north's Pacific coast. The boys have met twice before. At Fernie in September last, Marshall lost the decision on points in a 15-round contest, while later, in April, a 15 round contest ended in a draw. Marshall is being trained by Charlie Lucca.

The speaker of the evening was Hon. W. A. Buchanan, member for Medicine Hat in the Federal House. Interest was centered in Mr. Buchanan's remarks. He dwelt upon the circumstances which led to this great European struggle, and the reasons why England and her colonies are at war. He felt that we should respect Germans who have become British subjects and who are opposed to the tactics of the Emperor of their native land. The following took part in the programme:

The Misses Williams (2), Mr. Arthur Williams, Mr. and Mrs. Raoul Green, Sam Paton, Robert Dicken, Mr. Beer, Miss Mc-

Culloch. By special request, Miss Linda and Master Linton Osborne gave an exhibition of the tango dance which was much enjoyed. Mr. Dicken, in "The Softest in the Family" and "When Father Papered the Parlor," won repeated applause.

During the evening the national anthems of England, France, Belgium and Canada were sung.

The collection taken amounted to upwards of \$50.00.

### Baptist Concert a Success

A most successful concert was held in the Blairmore opera house on Wednesday night under the auspices of Central Baptist church. The attendance was unusually large and the programme intensely interesting. ## WEST INTERESTED IN SUBJECT OF IRRIGATION

USE OF WATER IN IRRIGATION OCCUPIED ATTENTION OF MEN IN AGES PAST

The Eighth Annual Convention of the Western Canada Irrigation Association to be held in Penticton, B.C., This Year—Prominent Men Will Take Part in Proceedings.

On the tablets of clay at Babylon, many years ago, were engraved rules of irrigation, and there was a school in irrigation. Today, books, magazines, pamphlets and articles on the same subject are issued in considerable numbers in English, in Mexico, in India and in South America are replete with old stone irrigation works and canals, evidence of the early irrigation engineers, who were the founders for the same purposes as the British Columbia fruit-grower of today constructs a modern cement flume or siphon.

Words such as irrigation, were first used by students of irrigation when holding forth on the science of farming, and it would appear as if these advocates were rapidly increasing in number. Irrigation in the western provinces of Alberta and British Columbia is daily increasing.

The eighth annual convention of the Western Canada Irrigation Association in the western provinces, will take place in Penticton, British Columbia, October 18-19. The program is a very attractive one.

On it figure the names of Hon. H. Bark of Boise, Idaho; Mr. H. House and G. C. Moore, both of the department of interior, Calgary, Alberta; H. C. McMillian, former general live stock agent of the Canadian Pacific Railway, Winnipeg; Dr. W. E. B. Dugald, authority of agriculture and animal industry, department of natural resources, Canadian Pacific Railway, Calgary; Arthur Hooker, secretary of the Irrigation Association of the Northwest, which is to meet in Calgary on Oct. 6, 7, 8, 9 of this year; Lt. O. Armstrong, lecturer for the Canadian Pacific Railway, Vancouver, B.C.; Mr. A. J. Adams, who is in charge of irrigation investigations in the University of California, Berkeley; C. L. Simonds, director for the Canadian railway, Portland, Oregon; J. W. Eastham, botanist to the Dominion government, Ottawa; J. T. Hart, hydrogeologist, Ontario Department of mines and mineral resources, the men of the same calibre that are masters of the game.

The Okanagan valley, through which the delegates must travel to reach Penticton, is not only one of the most fertile districts in British Columbia, but also the center for irrigation, many irrigation projects both under operation and construction. Unsurpassed in grandeur of scenery, it is also picturesquely situated. The Okanagan flows from its smaller, but less beautiful sister, Lake Shaha.

## CONCENTRATION

It is better to advertise intensively than  
extensively when the sum to be devoted  
to advertising is small. This means the  
regular use of the BLAIRMORE

addressed to the same constituency of  
readers.

Intermittent or divided effort is not  
likely to be restful. One full-powdered

Concentration of appeal will do a work  
of conviction and persuasion that will  
surprise you when the year's returns

## A WORD TO THE PUBLIC

There's advice for you in this little homily  
to advertisers; it is: Reward with a  
full—not divided—custom the merchant  
who steadfastly solicits your good-will.  
The more you strengthen the hands of  
the man who serves you, the better will  
be the service returned.

## The Duke's Optimism

In his address at the luncheon of  
Directors of the Canadian National  
Exhibition in Toronto, the Duke of  
Connaught struck an optimistic note  
regarding the Canadian industrial  
outlook. His remarks had especial  
reference to the war and to the new  
conditions which have arisen in con-  
sequence of it. The portion of his  
address relating to trade matters was  
as follows:

"Trade must be looked after.  
It is all-important. I would bid the  
people of Canada to be of good cheer.  
This is a time for courage and con-  
fident belief that the resources of the  
Dominion are equal to every stress  
which we may be called upon to meet."

"The present struggle has dis-  
tinctly divided industry throughout the world;  
but it has also given great opportuni-  
ties. The people of Canada should  
avail themselves of these. A better  
and wider market for food products  
is certain for some time to come, at  
good prices, and Canada should increase  
as much as possible the area of  
cultivation in order to profit there-  
by. This must necessarily tend to give an impetus to agriculture, the  
great basic industry of the country,  
which will not only maintain but  
strengthen our resources."

"Again, the Dominion can undertake  
the manufacture of many articles  
now hitherto made in Canada,  
and thus do much to supply employ-  
ment for those artisans and laborers  
who are temporarily out of work  
owing to the changes brought about  
by the war."

"Gentlemen, I again repeat, cour-  
age and confidence is necessary."

"I feel sure that Canada will rise  
to the occasion and overcome the  
many difficulties of the present eco-  
nomic situation."

Many Canadian manufacturers  
have already taken practical steps to  
share the new trade opportunities.

The Department of Trade and Com-  
mmerce is receiving continuous ap-  
plications for information respecting the  
volume of German trade in various  
branches of industry; as well as the  
qualities of German industrial products  
for which there has been the  
largest American demand. The  
departmental staff has been kept busy  
for the past fortnight in furnishing  
detailed trade statistics, tariffs  
of the countries with which Germany  
has carried on her overseas trade,  
and other information that will be  
helpful to Canadian manufacturers  
in getting into touch with the new  
markets which they are aiming to  
pursue. There seems little doubt  
that a large proportion of the German  
foreign trade will pass into Canadian  
hands. The longer the war lasts the  
greater this proportion is likely to  
be.—Sydney Post.

Must Not Trade  
With Enemy

A proclamation by the King re-  
lating to trading with the enemy  
which has just been published in an  
extra edition of the Canada  
Gazette makes provision that no  
sum of money shall be paid to or  
for the enemy; and further calls  
upon every Britisher or ally, resident  
in the British Empire, not to  
compromise or give security for the  
payment of any debt or other sum  
of money with or for the benefit of  
the enemy. Many other restrictions  
are made, among which are: Not  
to act on behalf of an enemy in  
drawing, accepting, paying, pre-  
senting for acceptance or payment  
or otherwise dealing with any  
negotiable instrument, not to enter  
into any new transaction with the  
enemy, not to make any new in-  
surance with him; not to supply  
any goods to the enemy, not to  
permit any ship to leave or enter  
any port or place in the enemy's  
country, not to enter into any com-  
mercial obligation for the benefit  
of the enemy. All persons guilty  
of any contravention of the terms  
of this proclamation are liable to

Hundreds of signatures were secured to the petition asking for the re-opening of the Southern hotel.

Tom Lloyd and Tom Phillips returned from Arrow Lakes on Sunday. They report a splendid time and are very much taken up with the country.

A. Morrell, who had expected to leave for England Wednesday, has been obliged to enter the hospital here and will have to delay his departure several days. It's too bad, Dick!

Dr. Moore returned from Edmonton this week. While there he completed a course in "army medical work" and is now thoroughly qualified to leave for the front when called upon.

Jack Morrison, of Hosmer, is painting the Southern hotel for Mrs. Rind. Jack is one of the real old-timers in The Pass, having been in Fernie during the explosion and during the run out of the scabs some thirteen or fourteen years ago.

Great excitement was caused at the R.N.W.M.P. barracks on Wednesday, when all the local Austrians and Germans were rounded up and the Act respecting their conduct during the present war was read through interpreters. All Austrians and Germans have been obliged to hand over all their firearms to the police.

Harry Stubbs, brother of Clem Stubbs, biew into town this week. He comes here from Plymouth, England, and previous to his visit there had resided in Mexico. He remained in Mexico throughout the recent revolution and saw much of the fighting. In Plymouth it is almost impossible to get a night's rest—day and night, without a break, soldiers and sailors march through the streets to embark for the continent.

## Pope Benedict XV. to Raise Voice for Peace

Rome, Sept. 22.—Since the war has caused the death of ecclesiastics, the destruction of churches, and the loss of religious treasures, the Pope thinks the interests of the Holy See so great that he has the right to intervene to bring peace. In Vatican circles it is asserted that his voice will soon be heard stronger than ever for the cessation of hostilities.

## United States

## in Good Hands

The people of the British Empire have much reason to be thankful that the executive power of the United States is at present vested in men who are war-avoiding, sane and careful makers of foreign policy. They are not liable to paroxysms of irresponsibility such as some of their predecessors suffered from. The news that American merchant ships in the Orient have been boarded by British marines, the German reserves bound for America in the Baltic having been removed, indicates how neutral vessels, even those of United States registration, may be affected by the war. One of the causes of the War of 1812 with the United States was the searching of United States vessels on the high seas for deserters. The President and his colleagues at Washington are not now quarrelers, going about with chips on their shoulders. The earnest desire of Britain to do nothing that would offend the good feeling of the United States has been plain from the outset and it has been possible to deal with Washington diplomatically and agreeably. President Wilson, to the official service and the people at large to observe strict neutrality, and his patience in Mexican affairs, as exemplified in his Mexican policy, both stamp him as the type of man Britain can deal with most understandingly in the present trying circumstances. Under President Wilson the United States is not likely to diverge far from the path of caution and good sense.

## Oh, Me! Oh, My! I'll

Oh, Me! Oh, My!!

And likewise!!!

Schön ist es, während ich Orte

Mei! Mein!, The Throne, The State,

I am the earth, the moon, the sun, all

Rolled in one!

Both hemispheres am I,

Oh, My!

If there were three, the Three

I'd be.

I am the Diamond, Night and Day,

The North and Southern Poles, the

Milky Way.

I am they that walk or fly on wing

Or swim or creep. I'm every-  
thing.

It makes me tremble like an aspen tree

To think I'M Me!

And blinks my eyes in the sky

To think I'M Me!

And shrink in terror like a frightened

child To realize that I'M Myself.

Ye blithing slaves beneath my iron

heel.

What know ye think I feel?

Didst ever walk in land of night and stand

It took six days to make land and sea,

But centuries were spent in making Me,

Mr. Ostrander, of Coleman, was down on Thursday with his photographic outfit, and secured a picture of the Frank winners of the Graham Cup.

Robert Dickens, Frank's famous comedian, went to Blairmore on Thursday evening to take part in the patriotic concert, and rendered his two favorite songs.

The mines were idle on Tuesday, Wednesday and Thursday. This is the first time the mine has been off so fast, which is something the other camps cannot boast of.

Paddy Morrison, Frank's outside left, will leave this week end for his home in the Old Country. We wish him good luck on his long voyage across the pond.

The Bachelor's dance will be held on Monday evening, September 28th, in the dining room of the Frank hotel. Great preparations are being made to ensure everyone a good time. Dancing will commence at 9 p. m. Supper at 12. Frank orchestra will be in attendance. Gentlemen \$1.50.

## Meinself Vos It!

(The following original verse will be read with interest. Following recent publication of "Hech der Kaiser!" by many Canadian newspapers, this sequel, written by a western editor and published for the first time by The Neewa Regulator, a week or two back, is as refreshing as it is original.)
